Welcome back to your monthly Stellar Jockeys newsletter for January 2023. We've put up another MAVS track on YouTube and will be outlining our plans for BK next month.

Strange Bedfellows Extended Version by MAVS

January is a slow month so we are light on development news. In February we plan to have details on how we are handling early access for Brigador Killers. In the meantime, please enjoy another banger by Makeup And Vanity Set.

Community Spotlight

Even when the month's been slow, the Brigador community has been active. First up, ArcticST6 imagined Brigador as a multiplayer FPS, though they got autobalanced to Team: CORVIDS...

...Devenzenzo gave us with "Christmas on patrol"...

...themerchantofbenis has been up to more modeling shenanigans and showed off their painted Fork...

...morty2989 on Twitter got a gift from their brother who made the

following in metal shop class...

...and heroin-chic-fil-a commissioned artist @MonoriRogue for a piece of their OC character "Svati Vadekar", an operations director of the SNC Informatics Division.

Plenty more community creations can be seen in the #becks_best channel on our Discord chat server, as well as weekly events like game nights.
